

BODY SILK HYDRATING SERUM

NUCERITY PURE BODY SILK HYDRATING SERUM is a super-conditioning formula that feels great the minute you put it on and dries to a smooth, silky feel. Body Silk utilizes a unique combination of oils and nutrients to hydrate your skin. This light barrier helps to protect against harsh environmental conditions throughout the day and relieves dry and sensitive skin from head to toe. Body Silk is truly a spa treatment in a bottle.

Body Silk is a botanically enriched, heat-protected serum that protects hair against breakage and dryness when using styling tools and heating elements. The unique combination of oils and nutrients not only hydrate the skin, but are perfect for adding shine and moisture to your hair, wet or dry.

NUTRIENTS AND OILS COMBINED TO HYDRATE YOUR SKIN

ACAI FRUIT OIL—an excellent source of essential fatty acids like Omega-6 and Omega-9 that deeply hydrate skin and hair.

ARGAN OIL—a nourishing oil provides extreme conditioning properties, which are great for hair, nails, and skin.

VITAMINS A, D3, & E—powerful nutrients that help neutralize the oxidant effect of free radicals that can damage skin and cause dryness.

ALOE VERA—an all-natural plant extract that helps facilitate natural exfoliation and cleans clogged pores, improving skin's tone and appearance.

CHAMOMILE—an herbal extract well known for its soothing effects on damaged and tired skin, Chamomile reduces inflammation and restores skin's natural softness, smoothness, and radiance.

INSTRUCTIONS FOR USE

SKIN TREATMENT—apply after bath while the skin is still moist for maximum hydration or on dry skin anytime throughout the day.

HAIR TREATMENT—pump a small amount into the palm of your hand. Rub hands together warming up the serum. Apply to the ends of damp hair and lightly run fingers through your hair before blow drying and styling, for a silky finish, extra shine, and protection from heat-styling tools. Use on dry hair to calm frizz and flyaways.
