

EYE EFFECTS 3 ADVANCED SERUM

NUCERITY PURE EYE EFFECTS 3 ADVANCED SERUM brings together argireline, chamomile, hyaluronic acid, and witch hazel to even out fine lines, puffiness, and dark circles. Combined with a potent nutrient dose of lycopene, Eye Effects 3 plumps, smooths and hydrates the thin, fragile skin around the eyes with refreshing, radiant results.

Eye Effects 3 restores hydration and delivers anti-aging nourishment while improving the skin's structure. It refreshes and lifts with beautiful results and is formulated to use both day and night. Eye Effects 3 also delivers a flawless finish, perfect for use under makeup.

THREE BENEFITS. ONE PRODUCT. SUPERB RESULTS.

- Diminishes and prevents the appearance of fine lines and wrinkles
- Decreases puffiness and under-eye bags
- Reduces the appearance of dark circles

PREMIUM INGREDIENTS FOR OPTIMAL RESULTS

ARGIRELINE—an anti-aging and wrinkle preventative agent.

LYCOPENE—a potent super antioxidant that smooths out imperfections in the skin.

CHAMOMILE—soothing herbal antioxidant with well-known antiseptic and anti-inflammatory capabilities.

HYALURONIC ACID—a natural and vital water-maintaining element that plumps and firms the skin.

WITCH HAZEL—a moisturizing anti-inflammatory, anti-aging astringent used to improve hydration, softness, and elasticity of the skin.

INSTRUCTIONS FOR USE

After washing and cleansing your face, apply Eye Effects 3 by gently rolling on a small amount around eye area twice daily. Start at the top of the cheekbone where the orbital socket begins and apply downward and around the eye. For external use only. Avoid direct contact with eyes. Do not rub into skin; instead allow Eye Effects 3 to absorb naturally. For best results, apply twice daily.

Clinically proven and dermatologist recommended. Safe for all skin types. Paraben-free. Non-comedogenic.

EYE EFFECTS 3 INGREDIENT LIST
